

CHOCOCREAM CRUNCHY TROPICAL 5

Anhydrous tropical flavoured cream with crunchy inclusions of mango & passion fruit, it is ideal for the post-baking filling of leavened products, shortbread and puff pastry.

Designed so that the inclusions keep their crunchiness for a long time and allow use with sac à poche. With mango & passion fruit juice for an exotic and slightly sour taste, this cream is ideal for up to date pastry creations.

Let yourself be conquered by the new range of Chococream Crunchy.
