### FINAL COMPOSITION

Oil the surface, spread the focaccia with you fingers again and sprinkle with table salt.

Put in the proofer room at 28-30°C, with relative humidity of the del 70-80%, for about 40 minutes.

Bake the focaccia for 30-35 minutes at 230°C.

## AMBASSADOR'S TIPS

Due to the high content of dried potato (devoid of gluten), pay special attention not to break the gluten structure.
